Re: Re-activate File, David Penney, Pretty in Pink, S/027/073, Millard County, Utah

Dear Mr. Garahana:

On September 13, 1999 we received a copy of your 9/9/99 letter to Dave Penney regarding his plans to beginning mining operations for the notice located in Section 24, T25S, R19W, your file number UTU-075878. The Division received the original notice for this file on July 17, 1998. As there was no activity at the site and the Division's annual permit fees were not paid, the Division closed this file on June 7, 1999. We received word that the BLM closed their file for this project on September 1, 1999.

In July 1999, the Division's annual permit fees were due again for all open files. The billing statement for Mr. Penney's Africa/Black Spot/Tina's Web project (file number S/027/024) was marked paid; however, the name and file number had been crossed out and Pretty in Pink, file number S/027/073 was written in. We contacted Mr. Penney by phone and informed him that we had retired the Pretty in Pink file and the payment would be applied to file number S/027/024 as was billed. At that time we were informed that Mr. Penney wanted to reactivate the Pretty in Pink site. We informed him, via fax, that because he had paid the annual fee for the Pretty in Pink, we would re-open that file. However, he still owed the annual permit fee for the Africa/Black Spot/Tina's Web file. Mr. Penney requested that we rename that file "Little Spot." We sent another annual fee billing statement to Mr. Penney for the Little Spot (S/027/024).

Because the Pretty in Pink notice was formerly accepted as complete by this office 8/14/98, we will re-open that file at this time. We expect that there will be no changes from the originally accepted notice unless Mr. Penney submits an amendment to the notice.

If you have any questions, regarding this letter, please contact me at (801) 538-5321.

Sincerely,

for Tom Munson
Senior Reclamation Specialist
